ABOUT US

Established in 1977 as a Point Of Sale supplies distributor, Rhino Paper & Marketing grew and diversified its product line greatly by reason of requests from its customers. Pleased by having excellent service while maintaining a quality product, Rhino's clients demanded a wider product line that started with guest checks, labels, and business forms and grew into apparel, marketing/advertising giveaways, and custom products.

Rhino Paper & Marketing took its requirement to provide competitive prices with high regard to quality and used that concept in becoming a marketing company. Rhino did this by joining in as an ASI member/supplier and training with groups such as DMIA and IBSA, with special thanks to a short-term relationship with SMI, based out of Fort Lauderdale as well.

We consistently meet and exceed customer specifications in product offerings including thermal rolls, receipt rolls and ribbons, wide format, and a wide variety of imaging supplies. With several distribution facilities throughout North America and our formula for success, we are quickly becoming the most competitive and logical choice for businesses of all sizes.
